Principal's Message

We the Agnesians do believe in the inclusiveness of everyone and everything. We make it a point to celebrate all that helps us to mark the events of the month memorable one for all our readers. The month of August was filled with series of programmes. Various activities like intra and intercollegiate competitions, loving tribute to our motherland, respectful honour to the elders and many other events have helped our students in becoming aware of the varied aspects of the society in which they live and move. I congratulate and appreciate each and every staff and student who used various mediums of expression to present their ideas. As long as our ideas are expressed and thoughts kindled we can be sure of learning, as everything begins with an idea. Just as our mother earth gives us more and more, SAPUC will enable our learners to give and get a little more of learning. Happy reading.

01

AUGUST

FLOOD RELIEF

Every year people eagerly wait for rainy season but unfortunately it did not appear as regular in June this year. The rain started in August and all the human beings, plants and animals felt happy with the showers as they were suffering from intense heat of the sun and lack of water during summer. As the days passed by the intensity of the rain increased to such an extent that we never imagined. The rain turned into floods and the effect of floods is seen in many lives lost in various parts of India. Everyone had to face a very tough time during August, many have lost their houses, properties, agricultural land, life etc. The schools and colleges had holidays declared for safety.

While God had saved most of us from peril many of our brethren were suffering. It was also an opportunity for the rest of us to practice generosity. Therefore many human hearts extended their support through cash and kind. We the students of St Agnes PU College also showed our solidarity by collecting funds and distributing to the needy. We offered special prayers for the affected and pleaded the Lord to inspire many people to extend their helping hand.

FRIENDSHIP DAY

All of us have that one person in our lives whose absence makes us feel meaningless and that person is a 'friend'. No matter how much you argue with your friend over little things, ultimately you love her for who she is. None of those petty, expensive gifts or sweet words mean anything if one can't appreciate the little things that matter to keep up a good friendship. I am lucky enough to have one such best friend in my life. My dear friend you're the reason I smile these days in the absence of my parents. I think I have found that someone who can give me faith in friendship again, someone who can make me believe that even if things are hard in life, I don't have to worry as I have found that someone who can help me make it through. You are that someone who fills an empty space in my mind and heart, someone who makes me feel worth, someone who's enough to share everything, someone who can accept me the way I am.

I have been hurt so many times in the past that it takes a lot for me to trust someone now. Ever since you came into my life, I am new once again. You bring out the best part of me that I never knew existed in me. You make me turn into a better person which no one else can do. I now have a reason to live, a cause, a reason to believe in all the wonderful moments of life. You gave me respect, love and care. Yes, I love you, for all these special qualities and much more. I know you love me and really care about me. I know you want me to smile even when you're not by my side. I know you want me to enjoy my life even when you don't. As long as you are by my side, I can fight the world but I can't stand alone. I need to tell you that my friend is very special in the world. Thank you so much dear friend for coming into my life.

14 AUGUST INTEGRATION DAY

National Integration Day was celebrated in St Agnes PU College on the 14 August. The college was honoured to have Lt. Col. Gracian Sequeira as the chief guest. Our esteemed chief guest led the oath taking ceremony for the NCC cadets which was followed by rendering respect to country through the NCC song.

The chief guest's heart-warming speech on secularism filled the audience with patriotism and love for one another. The performers of the program were well prepared even though they had very little time to practice. The dances showcased the existence of diverse culture in India. The dance drama performed on Uri and Pulwama attack was not only painful and saddening to watch but also showed the audience the importance of the armed forces.

It exhibited the selfless service rendered by them risking their lives for the country and its people. It awakened a sentiment of loyalty and devotion to Mother India.

B Rischika Thimmaiah
II BSBA

I've come to believe that each of us has a personal calling that's as unique as a fingerprint and that the best way to succeed is to discover what you love and then find a way to offer it to others in the form of service, working hard and also allowing the energy of the universe to lead you"- Ophra Winfrey. Through a short journey of one month, working for Agnathon 2019 is what we have learnt. Every member of the cabinet showed great zeal and enthusiasm. Be it early mornings or staying late, sacrificing lunch breaks and holidays, we have worked day and night on banners, backdrop, compering speeches, planning the events, inviting colleges which was an enormous task. We have displayed our strength through our challenges to achieve one goal. As South Canara, was covered with floods and the incessant downpours of rains, we were undeterred and our prayers were answered. Sun shined brightly on 16th August and the cabinet members escorted the participants in their black suits. The air was filled with excitement and the unmatched passion of students.

We started with a grand inauguration programme through a beautiful prayer song, by our college choir and were graced with a classical dance performance. The participants were provided with a sumptuous breakfast and proceeded to the various venues in our sprawling campus, the events included talent show, tech fair, enigma, quiz, gourmet, Bhavageethe, Da Vinci's canvas, smart buy, fashion show, stress interview, Laasya place con-currently. It was a wonderful display of talents and the judges had a job at hand. The cabinet members and lecturers were on their toes managing the events, taking care of their guests and ensuring smooth sailing. The day flew by at a light speed and the grand finale was at hand. I had the privilege of compering the closing ceremony and I should see the excitement and tension on the faces of the participants. The champions roared with happiness as the awards were declared and tears of joy rolled down their cheeks.

The Principal, staff and the cabinet members beamed with pride at the triumphant completion of Agnathon 2019.

Essay writing on 'Mahatma Gandhi – The greatest Revolutionary of 20th century' conducted by CASK

"The best way to find yourself is to lose yourself in the service of others" was truly said and followed by Mahatma Gandhi throughout his life. Mahatma Gandhi – a man with simple life and high thinking was born on 2nd October, 1869 in Porbander. He is one such figure who has moved the entire India with his thoughts and ideas. He was one of the greatest revolutionary of the 20th century who fought for our freedom with one tool non-violence. Throughout his life in India and South Africa, he was a man who fought for the rights and dignity of people. He left his successful career of a lawyer to participate in the long struggle for Independence along with other freedom fighters. Throughout his travelling in India he observed his own people suffering and, he decided to free Indian's from the British's rule. He knew that Britishers were strong, but his determination was strong and firm enough to reach his ultimate goal. Non-violence probably played an important role in his fight for freedom. According to him 'an eye for eye only ends up making the whole world blind.' He never thought of war to attain freedom. He gave equal importance to everyone's life and said, "Hate the sin, but not the sinner." He believed that forgiving was one of the most important aspect which each individual should practice and he also said, that "The weak can never forgive, Forgiveness is the attribute of the strong." Imagine attaining freedom from Britishers without a bloody war and violence. Yes, sounds impossible but it was Mahatma Gandhi who made it possible. He carried out various movements like non-cooperation, civil disobedience, Champaran movement etc. He always stood for human rights. According to him "Humanity is an ocean, if few drops of the ocean are dirty, the ocean does not become dirty." Thus, one should never lose hope in humanity. Mahatma Gandhi was such a great soul that he was known for the methods through which he fought for the freedom of Indians and this is the reason his date of birth is observed as 'International day of non-violence. This year all over the world people will celebrate the 150th birthday of Mahatma Gandhi. He also fought for the equal rights of those that belong to minority groups. The word 'Mahatma' conferred on him means 'great soul'. Mahatma Gandhi said, 'In a gentle way, we can shake the world' and he really became successful in doing this. Non-violence, truth and great leadership qualities are what comes to our mind when we think about Mahatma Gandhi. He gave his sweat and blood for the attainment of Indian Independence. He has really been a true inspiration for the past generations and the generations to come with his views of non-violence, tolerance, truth and social welfare. Mahatma Gandhi said, "I will not let anyone walk through my mind with their dirty feet". He never let anyone corrupt his mind. He is the reason all Indians are independent today and have their own rights. He is the one who created the greatest revolution in the 20th century.

ELDERS' DAY

Every year 21st August is celebrated as the International day for all elders. The day is acknowledged to raise awareness about the issues affecting older people such as deterioration with age and to examine issue that affect their lives such as abuse. It is also a day to recognize and appreciate the contribution that elderly people make to a society.

Our college had organized a special event on this occasion, grandparents of the students were invited. They were warmly welcomed with a rose. There were various games like eating muruku and lighting the candle. Special performance was organized to pay a tribute to the elders. The Agnesians dedicated the day to acknowledge their love and efforts.

We were enlightened by the chief guest's speech the successful event was published in the newspaper. Their presence reminded us of our grandparents. We need to thank and acknowledge elders for all they have done for us. It got back memories for most of us.

We learnt the importance of the senior citizens of our nation. Our respect towards them has increased. We get to learn a lot from them. We should not underestimate our grandparents.

PERIODIC TABLE

Wives whose husbands are connected to chemistry really hate me, in fact they even feel jealous of me. This is because their husbands might fail to remember their birthdates or anniversary dates but would never forget any of my numbers. Do you'll know who am I? I am the one with rows and columns. I am none other than the famous Periodic table. When Dmitri Mendeleev proposed his periodic table no one knew what was inside an atom. Today, we know the elements' place on the table, along with its chemical properties. Let me just give you'll a brief introduction of the most amazing discovery in this chemistry field. In 1969 German merchant and amateur chemist Henning Brand heated residues from boiled urine, liquid dropped out and burst into flames. This was the first discovery of phosphorous. By 1809 at least 47 elements were discovered and scientists began to see patterns in the characteristics. In 1863 English chemist John Newlands divided the then discovered 56 elements into 11 groups based on characteristics. In 1869 Russian chemist Dmitri Mendeleev started the development of the periodic table, arranging the chemical elements by their atomic masses. Henry Moseley rearranged the periodic table according to the atomic number of the elements and thus we received a boon from these great discoverers. Even though the periodic table was proposed 150 years ago, as chemistry students we hardly know 25-30 elements according to their atomic numbers. We are grateful that our lecturers gave us an opportunity to prepare a periodic table because during the process we got to know a lot about these elements. "UNITY IS STRENGTH .WHEN THERE IS TEAMWORK AND COLLABORATION , WONDERFUL THINGS CAN BE ACHIEVED." The above quote by Mattie Stepanck is very apt for our class. Wondering why am I saying this? This is because our whole class has contributed to make our very own periodic table in some way or the other .Our Class Representatives had formed a group well in advance who were given the responsibility of the chart and its presentation. Each one of us felt really proud, contented and happy when we saw our periodic table. All of us were on cloud 9 when it was announced that we had won the first place in the competition.

WEALTH IN WASTE

Waste is basically things that we have consumed and used its primary purpose, then after doing so, dispose them accordingly like papers that we have printed for school purpose, tin cans from spams and other preserved foods, even the boxes that our pairs shoes come from. From these waste do you know we still could made something out of it? There is this idea or thought "wealth from waste". It is quite common idea for most of us but to shed light to other it is called recycling. Instead of buying expensive materials we can rely on our creative minds in order to work on things that we have. This kind of thinking can be applied on crafty materials like school materials or arts and toys or even inventions that can be found from old electronic things. It was indeed great experience participating in the wealth out of waste competition, which gave us an experience of doing things in a better way. We used waste materials such as coconut shells, glass bottles, waste rope, broom sticks to be a home décor to make the house look even beautiful. On winning the third place we were indeed happy . The judges advised us to pursue such activities in the future participate with even more creative ideas, excitement and joy.

KANNADA DEBATE

ನವಮಾನ ಬೇಕು ಹುಟ್ಟಬರುವುದಕ್ಕೆ ಕ್ಷಣಮಾತ್ರ ಸಾಕು ಬಿಟ್ಟು ಹೋಗುವುದಕ್ಕೆ

ಒಮ್ಮೆ ನಮ್ಮ ಕಾಲೇಜಿನಲ್ಲಿ 'ಆತ್ಮಹತ್ಯೆ'ಯ ಕುರಿತೊಂದು ಚರ್ಚಾ ಸ್ಪರ್ಧೆಯನ್ನು ಏರ್ಪಡಿಸಲಾಗಿತ್ತು. ಆಗ ನಾನೊಮ್ಮೆ ಯೋಚಿಸಿಕೊಂಡಿದ್ದೆ ಆತ್ಮಹತ್ಯೆ ಸಮಸ್ಯೆಗಳಿಗೆ ಪರಿಹಾರವೇ? ಹೌದೇ? ಅಲ್ಲವೇ? ಜನರು ಯಾಕೆ ಆತ್ಮಹತ್ಯೆಯ ಮೊರೆಹೋಗುತ್ತಾರೆ? ಆತ್ಮಹತ್ಯೆಯಿಂದ ಸಮಸ್ಯೆಗಳು ಬಗೆಹರಿಯುವುದೇ? ಎನ್ನುವ ಹಲವಾರು ಪ್ರಶ್ನೆಗಳು.

ಹಾಗಾದರೆ ಆತ್ಮಹತ್ಯೆ ಏಂದರೆ ಏನು? ಮಾನವನು ಸಮಸ್ಯೆಗಳು ಬಂದಾಗ ದುಡುಕಿ ಅವನ ತಾತ್ಕಾಲಿಕ ಸಂತೋಷಕ್ಕಾಗಿ ತೆಗೆಯುವ ನಿರ್ಧಾರವೇ ಆತ್ಮಹತ್ಯೆ. ಈ ತಾತ್ಕಾಲಿಕ ಸಂತೋಷದಿಂದ ಅವನಿಗೆನು ಲಾಭ ಸಿಕ್ಕಿತು? ಆತ್ಮಹತ್ಯೆ ಎಂಬುದು ಕೇವಲ ಒಂದು ನಿರ್ಧಾರವಲ್ಲ, ಜೀವನದಲ್ಲಿ ಬೇಸತ್ತು ಅಂತಿಮವಾಗಿ ತಲುಪುವ ಸ್ಥಿತಿಯಾಗಿರುತ್ತದೆ. ಮಾನವನ ಈ ಸ್ಥಿತಿಗೆ ಕಾರಣವೇನಿರಬಹುದು.

ಮಿತ್ರರೇ, ನಮ್ಮೆಲ್ಲರ ಒಳಗೆ ಒಂದು ಜೀವಂತ ಆತ್ಮವಿದೆ. ಆ ಆತ್ಮವನ್ನು ನಿಷ್ಕಾರಣೆಯಿಂದ ಹತ್ಯೆ ಮಾಡುವುದು ಸರಿಯೇ? 'ನೋಲು' ಎಂಬುದು ಜೀವನದಲ್ಲಿ ಒಮ್ಮೆ ಬಂದ ತಕ್ಷಣ ಜೀವನವನ್ನು ಕೊನೆಗೊಳಿಸುವ ತಪ್ಪು ಆಯ್ಕೆ ಮಾಡಬಾರದು. ನೋಲೇ ಗೆಲುವಿನ ಮೆಟ್ಟಿಲು ಎಂದು ಅರ್ಥಮಾಡಿಕೊಂಡು ಮುನ್ನುಗ್ಗಬೇಕು. ಗೆಲೆಯರೇ, ಸಮಸ್ಯೆಗಳು ಬಂದಾಗ ಮೊದಲನೆಯ ದಾರಿ ಆತ್ಮಹತ್ಯೆ ಮಾತ್ರವಲ್ಲ!! ನಾವೇನು ಚಿರಂಜೀವಿಗಳಲ್ಲ, ಒಂದಲ್ಲಾ ಒಂದು ದಿನ ಈ ಲೋಕವನ್ನು ಬಿಟ್ಟು ಹೋಗಲೇಬೇಕು. ಹಾಗಾಗಿ ಸಾವು ನಿಶ್ಚಯ ಕೇವಲ ಒಮ್ಮೆ ಕಾಲು ಎಡವಿದರೆ ಮುಗಿದುಹೋಗುವ ಈ ಚಿಕ್ಕ ಜೀವನ ಪಯಣದ ಮಧ್ಯೆ ಹಲವಾರು ಸಮಸ್ಯೆಗಳು ಬಂದೇ ಬರುತ್ತದೆ. ಹಾಗಂತ ಜೀವನವನ್ನು ಕೊನೆಗೊಳಿಸುವ ತಪ್ಪು ಆಯ್ಕೆಯನ್ನು ತೆಗೆದುಕೊಳ್ಳದೆ ಧೈರ್ಯದಿಂದ ಮುನ್ನುಗ್ಗಬೇಕು.

PRERANA

I've been getting training in Karate for over 3 years now and I am a Green belt. In a world where we are exposed to more and more dangers of crime, it is important to know a few self-defence moves because no one knows if we might end up in a situation where we have to use them. Through karate, I have developed the speed in which to react when someone throws a punch and I have learnt how to get our grabs and holds. Karate has also developed my character and my personality.

I didn't think that I'd be getting training for so long and enjoying it as much as I do. Karate has definitely improved my self-confidence. I recently participated in a State level open Karate championship 2019 held on 18 August 2019 at Koragappa Kalyana Mantapa Shree Gokarnanatheshwara Temple Kudroli Mangaluru and secured 2nd Place in KATA and KUMITE. I never thought I'd be able to do it, but I did and I am very proud of myself for having achieved it and I do hope to do it again in the future. My main goal in Karate is to achieve my black belt, which I will continue to strive to reach. I'm enjoying my Karate journey which teaches us not to give up on our dreams and I'm glad that it has helped to shape the person that I am today. I can't imagine my life without it.

AUGUST

MOTHER ALOYSIA

Education is incomplete without the formation of character says Mother Aloysia A.C, Founder of St Agnes Institutions. An input session for the college faculty was organized on August 27th, on the “ Life of Mother Aloysia”. Sr. Sylvette, former lecturer at St Agnes PU College was the speaker. Sister, briefed us on the early life of Mother Aloysia –Pioneer of Education. Mother Aloysia was a capable administrator, an innovative teacher and a great educationist. She derived her strength, knowledge and vision from God. She was regarded as the ‘Mental Power House of the Congregation’ for the love she had towards the congregation and the hardwork she put in to introduce education in the lives of many. She started schools at Malabar coast, Ceylon, Gujarat. But Starting of St Agnes First Grade College for Women at Bendore, in the year 1921, was considered as a ‘Crown of Mother Aloysia’. Its because of her vision and mission, so many women have studied and passed through the portals of St Agnes Institutions being strong, successful and have made a mark in the society. This session enlightened us on various aspects that would help us to become better teachers and better human beings.

27
AUGUST

A BETTER PERSONALITY

The staff of St Agnes P U College had a very informative, interactive and enjoyable session by Mrs Malini Hebbar, Associate Professor in English, St Agnes College on 28 August 2019 in the AV Room at 3 pm.

Mrs Malini gave her insight on how to boost personal effectiveness. She advised the staff to develop qualities of lateral thinking and time management. In her opinion, a smile and eye contact are the initial steps in becoming effective as a teacher. As a parting advice, she said every teacher must be open to change.

26
AUGUST

ETHNIC DAY

In the era of modernization and westernization when most of the people are moving away from their own culture and history, events like ethnic day enable the youth to revive, love and respect their own culture and history. Diversity makes the world more beautiful. On the 31 August 2019, the students of St Agnes PU College celebrated Ethnic Day in full pomp and splendor. The theme which our class I HEPP had selected was 'Unity in Diversity'. Instead of choosing a particular culture, each student wore attires belonging to different ethnicity while some wore a lehenga, a few others wore a Patiala, a few girls draped a pretty saree and some others wore a gown. There was an award for the best dressed class. Impressed by the presentation of our class, the judges scored us the highest and awarded us the title of the 'best dressed class'. Later all the students assembled in the college auditorium to witness the fashion show conducted by both the teachers as well as the students. Everyone participated with complete enthusiasm and the audience helped in boosting their confidence. When all the students got together, they left behind all their differences and realised that all of them shared the same common root. Ethnicity plays a major role in student's personality and on this Ethnic Day, all the students strongly promoted the saying 'Vasudhaiva Kutumbakam' – the whole world is a family.

AUGUST

NCC

The National Cadet corps (NCC) is a voluntary organisation engaged in grooming the youth of the country into disciplined and patriotic citizens. They recruit students (Cadets) from schools and colleges across the country and give them basic military training in small arms and parades.

The annual training camp (ATC) was conducted by 18 KAR Battalion in Moodabidri on 26 May 2019. About 12 cadets attended this camp from our college. As we reached the camp site all of us were quite nervous as it was our first camp in NCC. But as the days passed by our nervousness was replaced by a feeling of thrill and excitement. The early morning drill drove away our laziness and we were quite fresh and active throughout the day. Time management was given a lot of importance in the camp equally discipline. The camp was also included drill practice, weapon training, theory classes based on the topics such as health and hygiene, map reading etc. the competitions that were conducted not only provided a platform for us to exhibit our talents but most importantly focussed on team work, how to support each other. There were cadets from different colleges which facilitated free interaction and mutual sharing of ideas. The military officials who usually appear stern, commanding and serious were quite supportive, cheerful and a great inspiration to all of us at the camp. The days we spent in the camp have taught us discipline, mutual respect, co-ordination and has infused courage, strength and motivation to contribute our share towards our motherland.

We were sad when the camp came to an end. But when we returned we brought a very big suitcase of beautiful memories, new friends, unforgettable experiences, lessons and challenges to develop ourselves.

Melita Riya Tellis

मौसी का घर उसे अपना लगता था और मौसी माँ जैसी । दोनों भाइयों से दूर, माँ की ममता को भूल, आया था पढ़ने के लिए और कामयाबी हासिल करने के लिए । मौसी का तो लाडला था, वह सबका दुलारा था । पढ़ाई में होशियार और था सबका यार । जिंदगी ऐसी ही चल रही थी । वह लड़का अकेला था और अपने भाइयों को याद करता था । एक दिन मौसी ने कहा कि थोड़े दिनों में एक नन्हा मेहमान आने वाला है । लड़का खुशी से झूम उठा । मौसी का बहुत अच्छी तरह से खयाल रखने लगा । कुछ महीनों बाद जब मौसी अस्पताल से घर लौटी तो उसके हाथ में एक प्यारी सी परी थी । उस लड़के की खुशी का ठिकाना ना रहा । उसने जब उस परी को गोद में लिया तो नाम दिया ' अम्मू ' । घर में सब लोग उस परी को ' अम्मू ' बुलाने लगे । मौसी ने कहा कि वह उसकी बहन है । लड़का अपनी बहन से बहुत प्यार करता था ।

कुछ समय बाद जब मौसी काम पर जाने लगी मौसी ने कहा " तुम्हारी बहन का ध्यान रखना " । अम्मू सिर्फ दो साल की नन्हीं सी जान थी । वह लड़का सुबह विद्यालय जाता और रात होने से पहले सब कुछ छोड़ कर घर आता । उस लड़के ने अपनी बहन के लिए अपने दोस्तों और खेलकूद छोड़ दिया था । घर लौट कर सबसे पहले अपनी बहन को खाना खिलाता , दूध पिलाता और खुद उसके साथ उसको अपने दिल से लगा कर सो जाता । मौसी यह देखकर बहुत प्रसन्न होती ।

कुछ समय बीत गया और यह भाई अपनी बहन का ऐसे ही ध्यान रखता था । जब बाहर थोड़ी बड़ी हुई वह भी अपने भाई को बहुत चाहती थी जब जब भी उससे पूछा जाता कि उसे माँ और पिताजी में से कौन पसंद है, वह बोलती कि उससे उसके भाई से प्यार है और भाई ही पसंद है ।

भाई और बहन का प्यार देखकर सब लोग हैरान हो जाते । वह बहन अपने भाई को खाना खिलाती और वह भाई अपनी बहन को वह अपने भाई के बिना सोती भी नहीं थी । यह जोड़ी सबके लिए एक प्यारी और खूबसूरत मिसाल थी । लड़का बहुत नाराज होता जब कोई उसकी बहन को डाँटता था । वह कोई ना कोई शैतानी करती और भाई के पीछे छुप जाती ।

और 1 दिन भाई ने बहन से कहा कि अपना खयाल रखना और वह काम पर चला गया । उस समय बहन बहुत रोए और कुछ दिन तक मां से पूछती रही थी कि उसका भाई कब आएगा । जब भी वह आता बहन का चेहरा खिल उठता हर रोज । हर दिन वह अपने भाई से बात करती थी ।

यह सिलसिला ऐसे ही चलता गया । भाई और बहन दोनों बड़े हुए , और एक दिन भाई की शादी हो गई । शादी की एक रात पहले बहन अपने भाई को गले लगा कर बहुत रोई और यह देखकर भाई की आँखें भर आई । वह बोला कि उसकी बहन उसकी जिंदगी थी और कोई भी उसे अपनी बहन से अलग नहीं कर सकता ।

भाई की शादी हो जाने के बावजूद वह बहन अपने भाई को अब भी बहुत चाहती थी । लेकिन शादी के बाद उस भाई ने अपनी बहन को अपने से थोड़ा दूर कर दिया । बहन को बहुत बुरा लगा और इसी दर्द में कुछ साल बीत गए और उस भाई को एक प्यारा सा बेटा हुआ । जैसे भाई के लिए मौसी थी उसी तरह अब इस बहन के लिए उसके भाई का बेटा प्यारा हो गया । यह बहन अपने भाई से जितना प्यार करती थी उस प्यार को उस नन्हीं सी जान पर लुटा देती ।

दोनों भाई और बहन के बीच दूरियाँ तो थी लेकिन प्यार एक दूसरे के दिल में अब भी जिंदा था । जब भी उसकी बहन को दर्द होता तो वह भाई रोता और जब भी उस भाई को दर्द होता तो वह बहन रोती ।

पहले और अब में फर्क सिर्फ इतना था कि उनकी जिंदगी आगे बढ़ गई थी और उनकी जिंदगी में कुछ और बातें मुख्य हो गई थी ।

NISHA—AN ALUMNI

St Agnes PU College congratulates Miss Nisha(2017-19) on her achievement at the Asian Continental Rope Skipping Championship held at Nonthaburi, Thailand from 19th July to 21st July 2019. She has bagged the Silver Medal in Single Rope Speed Relay and Double Dutch Free Style and Bronze Medal in Double Dutch Speed Relay. She has made her country and alma mater proud. We wish her good luck and hope that she reaches the zenith of success soon.

Nisha is an example of hardwork and a light house of discipline. Her constant efforts and maximum cooperation along with the guide, inspires the youth to pursue ones dreams and aspirations. She is yet another example of what a woman can achieve and how she can balance her academics and co-curricular activities bringing name and fame to her home and alma mater.
